

## Ministry Endorsements

"The ministry of music plays an important role in spreading the Gospel of Christ to the world. Music is also very important when used in a worship service to prepare the hearts of the people to receive God's Word. That is why it is important to me as a pastor to look for musicians and singers who are aware of the significance of the music they minister.

I would recommend a gifted young man, Jerry Garcia, to you and your congregation as someone who takes his calling seriously. He is not only talented in his ability, but also spiritually prepared to use his gift to further the Gospel. I truly believe that the music ministry of Jerry Garcia will be a blessing to you and your church".

"In the arena of Christian Music Performers, you will find such an incredible variation of style passion, pure raw talent, and polished performances, that sometimes the character of the performers is lost in the proliferation of products and performances available in the Christian Marketplace. Jerry Garcia, besides being an exceptional vocalist and an exciting communicator, is a gracious man of compassion. Upon working with him in concert settings, I realized he has a passion for God's Kingdom and exhibits a servant's heart. His tender heart and carefully crafted presentation always leaves a trail of sunshine behind him. After seeing the tenderness he exhibits, it gives you a piercing look into his soul."

"I have known Jerry Garcia for several years now and I count it a blessing. Jerry has a great love for God, a full heart for ministry and an amazing compassion that shows in the ministry of his personal life. Many people can talk about putting God's love into action, but one look at Jerry's family tells you he IS putting feet to his faith. I believe Jerry would be a great blessing to any and all ministries that would have him share with them. Don't wait for Jerry to call you, call him today and secure a gift of anointed and powerful singing, encouragement and uplifting for your church or organization. Keep looking up with a song in your heart!"

"To hear someone sing only one song is not much to be able to impress anyone with, however, Jerry's energy, vocal quality, and sincerity came through loud and clear! The audience response made it clear that he was reaching the hearts of those listening. After getting to know Jerry and his heart, I have no hesitation recommending Jerry Garcia. I assure you he will be a blessing".
